Many credit unions have not entered the MBL arena because the 12.25% cap prevents them from earning sufficient income to cover start-up and ongoing program costs.

Removing MBL 12.25% cap:

* Will produce an estimated $13.7 billion in new MBLs in the first year

New MBLs in the first year in your state: $38,216,660

* Will produce an estimated 148,000 new jobs using CEA job multiplier

Number of new jobs in your state: 415

No cost to taxpayers
