Many credit unions have not entered the MBL arena because the 12.25% cap prevents them from earning sufficient income to cover start-up and ongoing program costs.

## Removing MBL 12.25% cap:

* Will produce an estimated $14 billion in new MBLs in the first year

New MBLs in the first year in your state: $261,439,177

* Will produce an estimated 154,000 new jobs using CEA job multiplier

Number of new jobs in your state: 2,842
