The Honorable Rick Boucher

2187 Rayburn House Office Building  
Washington, DC 20515-4609

Dear Congressman Boucher,

On behalf of the Credit Union National Association (CUNA), I thank you for your vote against H.R. 5546 in last Wednesday's House Judiciary Committee mark up. CUNA is the nation's largest credit union advocacy organization, representing 90% of our nation's 8,300 state and federal credit unions, their state credit union leagues, and their more than 90 million members.

Interchange is vitally important to credit union members because 97% belong to a credit union issuing debit cards and 83% belong to a credit union issuing credit cards. Interchange makes it possible for credit unions to offer convenient debit cards and competitive credit cards to their members.

H.R. 5546, as passed by the Committee on July 16, would give merchants an antitrust exemption to drive down the level of interchange credit unions receive. The credit union "opt out" language in H.R. 5546 does not address our opposition to this bill. Consumers would suffer under H.R. 5546 because credit unions would be forced to cease issuing debit cards and credit cards if the level of interchange could not cover the risks and costs associated with the card programs.

Credit unions and their members appreciate your vote on the critical interchange issue. We look forward to continuing to work with you to defeat H.R. 5546. Again, thank you for your leadership on behalf of America's credit unions.

Sincerely,

The credit union "opt out" language in H.R. 5546 does not address our opposition to this bill. Consumers would suffer under H.R. 5546 because credit unions would be forced to cease issuing debit cards and credit cards if the level of interchange could not cover the risks and costs associated with the card programs.

Credit unions and their members appreciate your vote on the critical interchange issue. We look forward to continuing to work with you to defeat H.R. 5546. Again, thank you for your leadership on behalf of America's credit unions.

Sincerely,

The Honorable Melvin Watt  
U.S. House of Representatives

Washington, DC 20515-3312

Dear Congressman Watt,

On behalf of the Credit Union National Association (CUNA), I thank you for your vote against H.R. 5546 in last Wednesday's House Judiciary Committee mark up. CUNA is the nation's largest credit union advocacy organization, representing 90% of our nation's 8,300 state and federal credit unions, their state credit union leagues, and their more than 90 million members.

Interchange is vitally important to credit union members because 97% belong to a credit union issuing debit cards and 83% belong to a credit union issuing credit cards. Interchange makes it possible for credit unions to offer convenient debit cards and competitive credit cards to their members.

H.R. 5546, as passed by the Committee on July 16, would give merchants an antitrust exemption to drive down the level of interchange credit unions receive. The credit union "opt out" language in H.R. 5546 does not address our opposition to this bill. Consumers would suffer under H.R. 5546 because credit unions would be forced to cease issuing debit cards and credit cards if the level of interchange could not cover the risks and costs associated with the card programs.

Credit unions and their members appreciate your vote on the critical interchange issue. We look forward to continuing to work with you to defeat H.R. 5546. Again, thank you for your leadership on behalf of America's credit unions.
