

UNCLE RYAN'S BOOKSTORE

WE BUY USED BOOKS!

Natalie is off to the credit union, but first has some books to sell. The bookstore only buys books they don't have. Look at Natalie's list and cross off books that already appear on the shelves. She earns \$2 for every book she has remaining.

Number of books Natalie can sell: _____
x \$2

= \$ _____

Natalie's ENDING dollar amount from page 5 goes here.

NATALIE

 +/- _____

Natalie's book money goes here.

- NATALIE'S LIST**
- A Tale of Two Kitties
 - Microscopic Women
 - Bored of the Rings
 - Harry Pottymouth
 - Charlie and the Broccoli Factory
 - Eragum
 - Sarah, Sprain and Fall
 - James and the Giant Leech
 - Beauty and the Beets
 - Call Waiting of the Wild
 - Little Green Riding Hood
 - Sisterhood of the Roaming Sweatsocks
 - The Bananas of Wrath

What a mess! Natalie stops to clean up the park. Find the trash items and take them to the Recycling Center. The Center pays for items as follows:

- For every two bottles collected, earn \$3.00.
- For every three cans collected, earn \$2.00.
- For every five newspapers collected, earn \$1.00.

Natalie will donate \$5.00 of her earnings to the Clean Park Fund. How much will she keep?
