# A hospital.

**Judy Baker** helped lead the **fight** to keep hospitals open in rural communities across our state.

In Congress, **Judy Baker** can do even more to ensure rural hospitals aren't forced to close their doors.

As a former director of a community hospital, **Judy Baker** knows how vital it is for communities big and small to have a modern **hospital** close to home, ensuring our families access to life-saving medical equipment.

**Judy Baker** *for* **Congress.**

WE CAN HAVE FAITH IN HER TO DO WHAT'S RIGHT.
