

National Youth Saving Challenge™ Registration Slips

If you aren't able to track deposits electronically, feel free to use or modify these slips. Add your credit union name or logo, print, and trim. Have young members register (with parental permission) by completing a slip and putting it in a decorated Saving Challenge box. Or, have tellers collect slips and follow the procedures you set up to tally total results. These slips are for your use, they do not have to be submitted with your total results.
