

PREVENT IDENTITY THEFT

SAMPLE

Safeguard your Social Security number, account information, and ID cards.

Thank You

TAKE THESE STEPS TO PROTECT YOUR IDENTITY

Limit what you carry in your wallet or purse—pickpockets are interested in more than your cash, so leave your Social Security card at home and carry only essential ID.

Shred mail and receipts with personal information—dumpster diving is popular with thieves.

Review your statements regularly—Contact your financial institution if you find an unauthorized charge or suspicious activity. Monitor your credit history by ordering a free report from annualcreditreport.com or 877-322-8228.
